A word about this sale . . .

Nine consignments consisting of United States, Foreign, Gold, Silver and Copper coins, serve to make this a sale of exceptional interest to a wide range of collectors. There are superb proofs, choice uncirculated coins as well as average condition items, plus dealer lots. All in all, a catalogue worth reviewing.

Stack's has taken these important consignments and made one important sale for you. In the last few generations, STACK'S has conducted more important Public Auction Sales than any other Coin Dealer. In that period, we have been privileged to sell fabulous collections as well as many modest ones—but as our organization is devoted to every type of collecting, we will never lose sight of the "Small Collector".

Any collection which is valued from a few thousand dollars to several hundred thousand dollars, each receives the same courteous treatment. Stack's has unquestionably one of the largest staffs of experts in all fields, whether United States, Foreign, Ancient Coins, Medals and Decorations, Paper Money—fact is, even the "lowly token" is catalogued expertly.

Terms are as reasonable as a generation ago.

Advances if necessary—Correspondence invited.
